### **VA Expands Access to Gynecology Care for Women Veterans**

The Department of Veterans Affairs now allows women Veterans to schedule appointments directly with VA gynecology providers without a referral from a primary care provider.

This streamlined process eliminates the previous requirement for a PCP referral to access VA gynecology care and is designed to better serve the over one million women Veterans enrolled in VA health care.

Nearly 3,000 women Veterans from all 58 counties participated in The California Department of Veteran Affairs (CalVet) 2025 Women Veterans Survey.

The survey revealed key findings, including greater awareness and use of high-impact services such as VA Healthcare and County Veterans Service Offices for filing claims. It also identified challenges related to Military Sexual Trauma, housing stability, service-related disability claims, and mental and behavioral health. Additionally, the survey highlighted emerging priorities around caregiving and LGBTQIA+ Veterans' experiences.
